Osmania University

Osmania University, one of the oldest and largest educational institutions, reflects the National agenda for higher learning, as well as the aspirations of its founder, Mir Osman Ali Khan, the VII Nizam of Hyderabad. From a conservative centre of study, this 100 years old University has now emerged as a premier institution of higher learning to meet the challenges of the twenty first century.

Located in a sprawling campus spread over 1600 acres, the university provides an idyllic surroundings for scholarly pursuits. It has a jurisdiction of over 60,000 sq.km. in the Telangana State, covering a populace of some 20 million, vests the university with more than 500 colleges offering 100 courses to nearly 2.5 lakh students. The University has attracted a sizeable number of students from over 40 countries.

The university has emerged as a national leader in teaching and research with the high standards. Its reputation for academic excellence attracts students from all over India and abroad.

Department of Mathematics

The department of Mathematics, one of the few departments initiated at the time of the inception of Osmania University, specialises in many area of Mathematics and Computer Science. In recognition of its teaching and research activities the UGC has awarded Departmental Research Support Programme (DRS Phase II) for the period 2000–2005, COSIST Programme for the period 2002–2007, DRS Phase III for the period 2007–2012 and CAS-I for the period 2012–2017, UGC SAP DRS Phase III upgraded to DSA I for the period 2013–2018.

Objectives of the Workshop

As per the UGC CBCS guidelines, curricula at UG and PG courses in computer science have undergone thorough revision during academic year 2016–2017. As part of this several new courses like Python, R, Ruby, Ruby on Rails, Scilab, IoT, Big Data are included into the UG and PG curriculum for the first time. Therefore it has become imperative for us to arrange some training programs for the teachers working in various affiliated colleges of O.U. Therefore a series of workshops on these new areas are being planned. The second workshop in the series is to commence from 17th to 20th September, 2017 on Scilab and Python.

Venue of the Workshop
