

Dr A. Swaroopa Rani
Assistant Professor of Organic Chemistry
E-mail: raniaadika@rediffmail.com

Dr A. Swaroopa Rani obtained Ph.D degree in chemistry from Osmania University in the year 1998. She worked as Research Scholar in the Dept. of Chemistry (Nizam College), Osmania University, Hyderabad. Her area of research was 'Enzyme Technology' and published 12 research papers in national and international journals. She taught chemistry at 10+2 level under UNDP program for 2 years in Eritrea (North-East Africa) and for 5 years in Republic of Maldives. She worked as Assistant Professor for 3 years (From 2006 to 2009) in Eritrean Institute of Technology (EIT), Eritrea. She also taught chemistry online for students from different countries at 10+2 and undergraduate level. Presently (From 07 Sep, 2013) she is working as Assistant Professor of chemistry at Osmania University College for Women, Hyderabad.

Dr Swaroopa Rani is well experienced and capable in teaching general chemistry, engineering chemistry, organic chemistry and bio-chemistry. Presently. Her current research interest is in the field of Medicinal Chemistry.
