---

Dr. M. Radhika is an Assistant Professor in the Department of Chemistry at Nizam College, Osmania University since 2013. She holds distinction degrees in B.Sc, M.Sc, and Ph.D in Chemistry from Osmania University, Hyderabad.

Dr. M. Radhika is a distinction candidate throughout her education. She was a SRF-CSIR candidate during her research. She was awarded Ph.D in Bio-Inorganic Chemistry in the year 2001. Dr. Radhika had a distinct opportunity of teaching at both national and international level. She has 12 years of PG teaching, 2 years of UG teaching and 10 years of research experience. She has worked as Assistant Professor in New Horizon College of Engineering, Bangalore; as a guest faculty in Bangalore University; as a Lecturer in NMKRV College for Women, Bangalore. She has even worked at Cranbrook Primary School, London, U.K.

She has published 7 research papers in reputed National & International journals. She has presented research papers in National and International conferences. She is a life member of Indian Council of Chemists (ICC) and Indian Science Congress Association (ISCA), India. Her research mainly focuses on Bio-inorganic Chemistry, Catalysis, Zeolites, etc., She has successfully completed a BSR UGC Project.

Under her supervision 3 PG students have completed their dissertation work. Her research activities are funded by UGC, New Delhi, India. She has assisted PG students in Bangalore University in their project work. She is a member of several committees at Nizam College, which includes member of Women Empowerment Cell and Course Coordinator for Self Defense for Girl Students.
