UNIVERSITY COLLEGE FOR WOMEN

**(AUTONOMOUS)
KOTI, HYDERABAD**

**TWO DAY NATIONAL WORKSHOP
ON**

**‘DIGITISATION:
E-SENSITISATION & E-LEARNING’**

On 7th & 8th SEPTEMBER, 2017

About Osmania University

Osmania University, established in 1918, is one of the oldest in India and the first to be established in the erstwhile princely state of Hyderabad. Over a period of time it has shown remarkable progress and sustained an integrated development of all faculties. Its alumni have distinguished themselves nationally and internationally in various spheres of life and are spread far and wide around the world.

The University has a vision of developing, enhancing, and improving the quality of human resources to meet the challenges of regional, national and global socio-economic changes. Its mission is to achieve excellence in teaching and research and to create opportunities for the students to contribute to the national and regional development. It achieved the status of a 'University with Potential for Excellence'.

About University College for Women

University College for Women, Hyderabad, is a Constituent College of Osmania University and was established in 1924 with autonomous status granted by UGC since 1988-1989. The College offers both Undergraduate as well as Postgraduate Courses in the Faculties of Arts, Social Sciences, Sciences, Commerce and Management. UCW has 25 Academic Departments supported by several facilities like Cyber Centre, well equipped Labs, Botanical Garden with a Green House, sprawling Sports Grounds, Placement Cell, and a Central Library. The College has highly qualified Faculty who take up quality research and consultancy. UCW, has over the years, developed a healthy and productive interaction with the stakeholders. The campus is spread

on a sprawling 42 acre land with a historic monument of great aesthetic and architectural importance of British legacy in India which provides an ambience of grandeur. It is a NAAC accredited 'A' grade Institute and recognized by UGC as a Centre with Potential for Excellence.

About the National Workshop

India is one of the fastest growing country in the world with many economic reforms and Digital initiatives in various fields. One of the radical steps initiated is demonetisation, to crack down black money and moving to cashless economy. Computation of total income and tax liability of an individual plays a major role in the development of economy of the country. The digitization resulted in accumulation of large amount of sensitive data. In addition to that, the social media sites have evolved as hotbeds for various financial and social crimes. Hence, the demand for experts in the field of Cyber Security is growing at a fast pace. The increased use of Internet-based tools and services resulted in the emergence of virtual labs, a unique opportunity to boost practical skills and to bridge the gap of digital divide. Advances in computer applications, during the past few decades have brought radical changes in the way information is gathered, stored, organized, accessed, retrieved and consumed. There are various forms of E-resources available on Digital Platforms like e-encyclopedias, e-books, e-journals, CD-ROM databases, e-mail, internet etc.

At this juncture, University College for Women is organising a **Two Day National Workshop on "Digitisation: E-Sensitisation & E-Learning"**, on 7th & 8th September, 2017. The workshop enables to have a comprehensive

view of various aspects of Digitisation, Cyber Laws, Virtual Labs, E - Filing, E - Resources and throw light on innovative techniques and opportunities in relevant areas. Themes and Sub-Themes of Workshop.

Session I: Demonetisation to Digitisation

- Impact & Challenges of Demonetisation on Indian Economy
- Shifting trends in marketing after Demonetisation
- Role of Virtual Cash in the era of Demonetisation

Session II: Cyber Crimes and Hacking Impact on Digital and Social Media

- Creating Awareness on Cyber Crimes & Hacking
- Data protection from Hacking and Virus Attacks
- Safe and Secure usage of Digital Platform

Session III: E-Filing of Income Tax Returns

- Computation of total income and tax liability of an Individual Assessee
- Awareness about the IT Forms to be filled in as applicable
- E-Filing

Session IV: Virtual Labs

- Awareness on use of Virtual Labs
- Designing and Demonstration of Virtual Lab Experiments
- Development of effective presentation by additional inputs like animations, illustrations and videos

Session V : E-Resources

- Provide the information about the various e-resource databases
- Internet literacy to access information and awareness of the e-resources
