

Dr Jagadeshwar Vannada M.Sc., Ph.D

Assistant Professor of Organic Chemistry

E-mail: oujagan@gmail.com; oujagan@osmania.ac.in

Dr. Jagadeshwar Vannada working as a Assistant Professor, Department of Chemistry, University College of Science, Osmania University since September 2013. He received B.Sc., M.Sc., and Ph.D. (PhD was carried out in Indian Institute of Chemical Technology). in Organic Chemistry from Osmania University, Hyderabad, Telangana State, India.

After obtaining his PhD, Dr Jagadeshwar Vannada continued his research experience as a Post-Doctoral fellow at University of Minnesota, Minnesota, USA in the year 2005-2006. During this period, he was involved in the synthesis of biologically active natural products. After coming back from USA, he worked as a Scientist in various Pharmaceutical Companies in India and during this time, he developed a synthetic routes and Process Technologies for many Active Pharmaceutical Ingredients (API) and their key intermediates.

In the year January, 2011, He also worked as Senior Research Associate (Pool Scientist Scheme offered by CSIR) under the supervision of Prof. Goverdhan Mehta, National Research Professor at University of Hyderabad in Hyderabad during the period of 2011 to 2013. He has published over 16 Research publications in various reputed International journals.

He has 6 years of teaching and 17 years of research experience. His research interest is “synthesis of biologically active natural products and Development of new synthetic methodologies using Organo Catalysis.
