

Dr. M. Deva Dass

M.Sc., Ph. D. C. Chem. FRCS(London),
C Sci(UK), Eur Chem.
Professor

Email: ddmanwaall@gmail.com

He has been in teaching profession since March, 1984. Eight students obtained Ph. D degrees under his supervision. Was a member on editorial board of Journal of Indian Chemical Society, Calcutta. Published 62 research publications in National and International journals. Presented research papers in many seminars. Fellow of the Royal Society of Chemistry(FRSC) and also a member of National Academy Sciences (M NASc). Has been awarded prestigious International professional Designations viz. Chartered Chemist by the Royal Society of Chemistry, London, Chartered Scientist by the Science Council of U. K and European Chemist by European Chemist registration Board(ECRB). Has been nominated as Member on the various Selection Committees. Present research interests focuses on the stability, structure and reactivity of simple and mixed ligand metal ion complexes of nucleotides, amino acids, peptides and other bio-ligands. Also working on Enzyme Inhibition Kinetics. At present he is engaged in teaching bioinorganic chemistry at post graduation level apart from guiding Ph. D Scholars and carrying out research projects. Served as principal, P.G. College, Secunderabad, OU for two years
